

INTENSIVE SPECIALIST PROGRAM

WICKETKEEPING SPIN AND PACE BOWLING

Masterclass programs under the guidance of former Australia 'A' cricketer and Level 3 coach Mark Atkinson

INTENSIVE SPECIALIST PROGRAM – WICKETKEEPING – Limited to 10 places

A good wicketkeeper is critical to the success of any team. They need to be reliable, fit, skilful, tough and at times brilliant but this key position can often be occupied by the player who is, at times, a forgotten man at practice. A good keeper can turn a game their team's way with an outstanding catch, stumping or run-out and in order for a wicketkeeper to excel they must put in quality time and effort to work on all aspects of their game. This intensive program is most suitable for aspiring wicketkeepers who have already had some experience in match play situations, covers all aspects of the art of wicketkeeping and leaves players feeling confident and ready for their best season behind the stumps

INTENSIVE SPECIALIST PROGRAM – SPIN AND PACE BOWLING – Limited to 10 places per program

Designed for cricketers who are showing an interest in the more specialised areas of spin and pace bowling, these programs are an ideal way to increase your skills and learn more about the great game of cricket. These intensive, structured programs focus on developing the correct technique to optimise performance and prevent injury featuring video analysis, a customised individual high performance strategy and comprehensive report.
